

LEGACY TOUCH KEEPSAKES

FINGERPRINT KEEPSAKES

In the swirl of grief and the search for meaning that follows, comfort comes in the form of memory, love, and small traces left behind. Fingerprints captured by a funeral service provider* can be carefully preserved and engraved into a beautiful keepsake. The soothing effect of a fingerprint can not be overstated. Its very presence is a clear mark on the world ... made by the Loved One who has passed.
